

Introduced by Senator LenoFebruary 20, 2014

An act to amend Section 6217 of the Public Resources Code, relating to state lands.

LEGISLATIVE COUNSEL'S DIGEST

SB 1217, as introduced, Leno. State lands: land use revenue.

Existing law requires the State Lands Commission to deposit in the General Fund all revenue, money, and remittances received by the commission, with the exception of revenue derived from state school lands and other specified sources. Existing law requires that those moneys be made available, upon appropriation, for specified purposes, including refunds, commission expenses, and payments to cities and counties.

This bill would require that at least \$10,000,000, but no more than \$15,000,000, of those moneys be transferred each year into the Coastal Adaptation Fund, which the bill would create in the State Treasury, for use for the preservation and protection of coastal lands, subject to an appropriation for that purpose in the annual Budget Act.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
